

EARSeL's Prague workshop on 4D radar applications for young researchers

The 1st Youth Prague Workshop will be organized as a **deep discussion and knowledge sharing** using detailed presentations of participants' projects. Each oral speaker will have 45 minutes to present his /her theme, objectives, method and problems. The presentations will be followed by common discussion of the session participants and a supervisor. The school programme will have two parallel sessions all days. Only 26 papers will be presented orally. The rest of accepted papers will have only poster sessions available.

The workshop goal is a meeting and discussion of specialists of a relatively narrow theme to share their knowledge, experience, to talk about their advances and their problems as well. The future is in cooperation.

Date: 26th - 28th June 2012

Place: Czech Technical University in Prague, Czech Republic

Due dates: due date for abstracts 30th April 2012

due date for evaluation 15th May 2012

Supervisors:

Prof. Daniele Riccio, University of Napoli Federico II, Faculty of Engineering

Prof. Karsten Jacobsen, Institute for Photogrammetry and Geoinformation, Hannover, Germany

Only 26 projects will be selected for oral presentations

All project and poster presentations will be reviewed and selected by the EARSeL scientific committee

Paper publishing: The best papers will be submitted to the peer reviewing process of the **International Journal of Remote Sensing**

Fee:

200 EUR (EARSeL members), **220 EUR** (EARSeL non-members)
